Networks to Build Drought Resilience

The Australian Government's Future Drought Fund provides a sustainable source of funding to help remote, rural and regional communities, and farmers, become more prepared for, and resilient to, the impacts of drought. The Fund is part of the Government's Drought Response, Resilience and Preparedness Plan.

Australian Government
Department of Agriculture,
Water and the Environment

This program is designed to build community capacity by strengthening social and community networking, support, engagement and wellbeing. The aim is to build an enduring resilience to the impacts of climate change, drought, and enhance the public good in agriculture-dependent communities.

Future
Drought
Fund

The program will offer three tiers of grants to not-for-profit organisations totalling \$4.5 million. Round 2 aims to fund approximately 65 projects.

- \$10,000 to \$20,000; (approximately 30 projects, events, or activities will be funded per round)
- \$20,000 to \$50,000; (approximately 32 projects, events, or activities will be funded per round)
- \$50,000 to \$150,000 (approximately 5 projects, events, or activities will be funded per round)

Applications close 15 November 2021

The Strengthening Rural Communities (SRC) program aims to give the thousands of small rural, regional and remote communities across Australia an opportunity to access funding to support broad community needs.

There is up to \$10,000 available through the Small & Vital Stream and grants up to \$25,000 are available through the Bushfire Recovery Stream.

Projects funded must align with one or more of the following charitable outcomes:

- bringing people and community organisations together to foster stronger, more resilient communities
- fostering and celebrating a sense of identity, diversity and cultural connection within the community
- improving community health and social wellbeing
- enable people to develop skills, knowledge and confidence to lead and contribute to their community
- building a sustainable volunteer base and/or supporting the wellbeing of volunteers
- celebrating and resourcing volunteer-led efforts
- increasing access and inclusion for vulnerable and disadvantaged groups, including remote communities
- enhancing places where communities gather
- promoting connection to place and enabling initiatives that champion a community's social, cultural or economic aspirations
- increasing capacity and capability of local community organisations to support recovery from natural disasters
- enabling locally led responses within rural, regional and remote communities endeavouring to reduce the impacts of the changing climate within their community.

The Rural and Regional Enterprise Scholarships (RRES) program

The Rural and Regional Enterprise Scholarships (RRES) program was announced in 2016 as part of the Australian Government's election commitment to improve access, educational opportunities and attainment for regional and remote Australians by supporting undergraduate, postgraduate and vocational education and training students from Certificate IV to PhD level.

Scholarships support flexible study arrangements, and are available to eligible students:

- commencing a new course of study in 2021
- studying on campus, online or via distance education
- studying from six months full-time up to eight years part-time
- Eligible students may receive up to \$18,000 each (e.g. for a full-time, four-year qualification). Shorter, part-time qualifications are paid on a pro rata basis. An extra \$500 is also available to support an internship.

Note: If you are a school leaver relocating from an outer regional or remote area to study, you may also be eligible for the Tertiary Access Payment.

Round 6 of the RRES program for students commencing study in 2022 will open in early 2022. More information on Round 6 will be available in late 2021.

For eligibility and assessment criteria visit: <https://www.qtac.edu.au/rres-program/>

Roger Rasheed Sport Foundation

The Roger Rasheed Sport Foundation believes that regular sport activities and on-going training and mentoring can make a positive difference to children in all areas. By revitalising forgotten reserves and rusty old equipment or by building an entirely new precinct, our aim is to provide the children of extreme disadvantaged areas access to sport.

When we identify a project, we begin by working alongside the local community and, first and foremost understanding, its needs, its residents and their families. Then, together with the local council and other interested supporters, we design and build the project with financial and in-kind assistance from a group of committed individuals and businesses.

Youngcare's Home Support Grants

The Youngcare Home Support Grants are available for individuals aged between 16 and 65 who have a physical disability and who need essential funding to either remain living at home or move back home from inappropriate housing such as Aged Care.

The Youngcare Home Support Grant provides up to \$10,000 (\$20,000 in extreme situations) for essential equipment, home modifications and services, and household items and utilities.

Youngcare's Home Support Grant can provide funding where there are critical gaps in an NDIS participant's plan, but there is still clear evidence of need. The grant also seeks to bridge the gap in essential services and support for families in need, during the transitional period while they gain access to the NDIS.

HomeStart First Home Grant

Build your first home from \$3,000. Instead of buying a block of land and then finding a builder to build your home, a house and land package bundles it all together. This means you can choose one of many standard or customised home designs at the same time you purchase the land.

House and Land Packages can be a good way to reduce upfront costs because:

- You only pay stamp duty on the land value and not the house
- HomeStart can lend up to 97% of the value of the house and land package to those who are eligible.
- First home buyers could also be eligible for a \$15,000 First Home Owner Grant to put towards your deposit, fees and charges
- Pay no loan repayments for 9 months or until your home is built, whichever comes first
- Our participating builders will commit to a fixed price and construction period
- HomeStart doesn't charge a Lender's Mortgage Insurance (LMI) and the Loan Provision Charge (LPC) is significantly less than LMI for most borrowers

The Retailer Energy Efficiency Scheme (REES)

South Australian households and businesses may be able to access discounted or free energy efficiency activities from energy retailers participating in the REES. Low-income households may also be able to receive an energy audit. The Minister has set the approved REES energy efficiency activities; however, each energy retailer participating in the scheme decides on what mix of those energy efficiency activities it will undertake to meet its targets.

To find out what activities energy retailers are currently offering, you can contact any of the obliged energy retailers in South Australia, not just the retailer currently supplying you. Energy retailers may contract out their energy audits and energy efficiency activities to third-party contractors, and you may also contact these third-party contractors directly.

TELL US YOUR STORY

If your organisation has been the recipient of a grant (congratulations!) we would love to hear from you and celebrate in your success. Feel free to send us a photo and a short description of the completed project so we can feature it in this newsletter or on Dan's Facebook page.

As well as highlighting successful grant recipients we hope that by showing the outcomes of grant funding, it will encourage more groups to get on board, apply and make their communities better and brighter.

So big or little – we would love to see how the grants are working for your community.

Email your story to: stuart@parliament.sa.gov.au
